Learning outcomes & description

DESCRIPTION

This module aims to provide learners with knowledge of the main aspects of the solidarity mechanism established under the AMMR (Asylum and Migration Management Regulation).

It covers the key components of the annual solidarity pool within the new common framework for asylum and migration management and the different solidarity contributions, with a focus on the procedural steps necessary for implementing the relocation measure.

This module integrates key principles from the EUAA Practical guide on the solidarity mechanism – Part I: Operational implementation of relocation.

LEARNING OUTCOMES

At the end of this module, the learner will be able to:

Knowledge

1. **Identify the key components of the solidarity mechanism, including the different types of solidarity contributions.**

2. **Outline the main procedural aspects in the relocation process.**

DELIVERY METHOD

This module is delivered entirely online, through self-paced learning.
