Learning outcomes & description

DESCRIPTION

The aim of this module is to enable managers in the asylum context to develop competencies that will assist them in ensuring that their departments achieve good quality standards and levels of efficiency, in line with international and EU legal requirements.

This module covers various theoretical and practical aspects relating to the day-to-day duties of a manager working in the field of international protection.

LEARNING OUTCOME

At the end of this module, the learner will be able to:

1. **Apply leadership and management theories, skills and tools in the asylum management context**

DELIVERY METHOD

This module is delivered through a blended learning methodology (online and face-to-face). Online learning contains learning activities that assess progress toward the learning outcome, and face-to-face sessions focus on complex elements that require discussion.
