EUAA Judicial Workshops 2027

The EUAA judicial workshops are based on the *EUAA judicial publications.* Further information on the topics covered and the structure of each workshop can be found in the *Catalogue of EUAA judicial workshops*.

The EUAA judicial workshops are generally organised over two full days, with the exception of the foundation course or other activities tailored to EUAA operational needs. Regular workshops will be led by two judicial trainers from different EU+ countries and will include short presentations on the topic, practical case studies, group discussions, and exchanges on relevant case law and best practices. Workshops lasting longer than two days will involve additional judicial trainers. Most workshops will be conducted in English.

The workshops are designed to accommodate a maximum of 25 participants. The EUAA will select participants following the order of priority indicated by the NCP in their nominations, while striving to ensure balanced geographical and gender representation. Nominees will be informed of the selection results within the deadlines indicated below. No travel arrangements should be made until a formal invitation has been issued.

The applicable rules regarding the reimbursement of travel and accommodation costs, and the provision of a daily subsistence allowance can be found here: ED Decision 2024/79.

If you are interested in participating in one of these workshops, please address your expression of interest to your network contact point.
