Agenda

Tech4Asylum

What is Tech4Asylum?

Tech4Asylum is a biennial EUAA initiative bringing together asylum authorities, EU stakeholders, and technology providers to explore innovative digital solutions supporting asylum workflows.

Tech4Asylum 2026

The first edition focuses on translation and transcription technologies, showcasing practical tools that can improve communication, efficiency, and compliance in asylum procedures.

Translation & Transcription Technologies for Asylum Systems

Location:	The Westin Dragonara Resort, Dragonara Road St. Julian's, STJ 3143, Malta (Find on Google Maps)
Date:	Wednesday 2 December 2026, 9:00-18:00
Organizer:	EUAA

Objectives

- Promote **responsible use of technology** in asylum procedures
- Support **operational efficiency** in Member States
- Encourage **knowledge exchange** between public sector and industry
- Foster solutions aligned with EU legal and ethical standards

Context & Challenges

- Increasing demand for multilingual processing
- Limited availability of interpreters
- New obligations under the Pact on Migration and Asylum
- Mandatory audio-recording of interviews
- Need for faster, consistent, and compliant processes

Opportunities

- Modern technologies (including AI-powered solutions) can:
- Improve accuracy and accessibility
- Reduce processing time
- Support multilingual collaboration across Member States
- Strengthen compliance with GDPR and the AI Act

Event Format

On-site event (Malta, 2 December 2026)

Participants can expect:

- **Plenary sessions** (policy & operational insights)
- **Demo rounds** (industry presentations)
- **Interactive Q&A** sessions
- **Networking opportunities**

Vendors
