Learning outcomes & description

DESCRIPTION

This module aims to provide learners with the knowledge and skills necessary for the registration and lodging of an application for international protection in line with the EU asylum acquis and Fundamental rights, while taking into account vulnerabilities and special needs of persons.

It also develops learners' knowledge and skills to provide the relevant information to applicants for international protection during the registration and lodging.

LEARNING OUTCOMES

At the end of this module, the learner will be able to:

Knowledge

1. **Identify the key steps of registering and lodging applications for international protection according to the EU legal framework and key fundamental rights.**

2. **Identify an appropriate approach to gathering relevant information from applicants for international protection during registration and lodging.**

3. **Identify the relevant information to be provided to applicants for international protection during registration and lodging, and the appropriate communication techniques.**

4. **Identify appropriate approaches to consider special needs of applicants during registration and lodging.**

Skills

5. **Applying the key steps of registering and lodging applications for international protection according to the EU legal framework and key fundamental rights.**

6. **Applying an appropriate approach to gathering relevant information from applicants for international protection during registration and lodging.**
