## Learning outcomes & description

### DESCRIPTION

The aim of this module is to provide asylum and reception practitioners with the necessary set of soft skills to ensure effective interpersonal communication.

This module focuses on the core principles of communication theory and questioning techniques in intercultural asylum contexts. It also deals with the principles of interpersonal communication, the impact of non-verbal communication and the most effective types of questions to elicit information. The module describes how cultural diversity can impact the communication process and introduces techniques that lower the risk of miscommunication in a multicultural environment.

### LEARNING OUTCOMES

At the end of this module, the learner will be able to:

#### Knowledge

1. Identify effective communication techniques to deliver and elicit information in asylum contexts
2. Identify communication interventions relevant to asylum contexts that minimize miscommunication deriving from intercultural differences

#### Skills

3. Apply effective communication techniques to deliver and elicit information in asylum contexts
4. Apply communication interventions relevant to asylum contexts that minimize miscommunication deriving from intercultural differences

## **Competences**

5. Carry out tasks related to identifying effective communication techniques to deliver and elicit information in asylum contexts
6. Carry out tasks related to identifying communication interventions relevant to asylum contexts that minimize miscommunication deriving from intercultural differences

## **DELIVERY METHOD**

This module is delivered online, enabling self-paced learning.

## **ASSESSMENT STRATEGY**

The assessment strategy is based on one assessment at the end of the module. Questions are scenario based and multiple choice, and assess the elements of all the learning outcomes.
