International Organisations

In fulfilling its tasks, the EUAA acts in close cooperation with relevant international and intergovernmental organisations, within the framework of cooperation agreements, some of which take the form of a Working Arrangement, others are concluded by means of an Exchange of Letters. Such cooperation agreements concluded by the Agency before the entry into force of the Regulation transforming EASO into the EU Agency for Asylum remain applicable.

The Agency actively coordinates its work with international organisations to ensure complementarity and avoid duplication of work.
