The report provides a comprehensive description of the situation of asylum in the European Union (EU) in 2011, with a focus on areas in which EASO was involved in during this period. The report covers the first year of EASO operation and looks into various topics such as: international developments, effects on member States and EASO tools and responses; developments related to the Common European Asylum System (CEAS); and EASO's network of institutional partners and stakeholders. It also includes a number of annexes including relevant statistics and the EASO financial report for 2011.
