2.6.3. Security incidents

The difficult and dangerous environment for media work and reporting in general has led to significant underreporting of security incidents in Sudan; as such this paragraph should be read in conjunction with section [1.1.4 Security incidents and civilian deaths estimates](#) and section [1.3.2 Communication and media presence](#).

Throughout the week of late September/early-October 2024, airstrikes and clashes were reported in a number of Sudanese cities, including Gedaref, 'resulting in substantial civilian casualties'.[1009](#) On 6 November 2024, the RSF stormed the village Qaili Al-Jabal in the Butana neighbourhood in Gedaref state, killing six civilians and causing the displacement of villagers.[1010](#)

Among the 59 security events (battles, explosions/remote violence and violence against civilians) reported by ACLED between 15 April 2023 and 30 November 2024, 32 were coded as battles, 8 as explosions/remote violence and 19 as violence against civilians.
