Kassala state, which has 'remained relatively unaffected by the ongoing conflict', has received a large number of IDPs from the western and central states, as well as refugees from Eritrea and Ethiopia, mainly Tigrayans. Kassala state was also home to one of the country's largest refugee camps Al Shagarab, near the state capital.[1023](#) According to a local quoted in an Al-Hurra article, Gedaref state was hosting thousands of people who had fled the conflict in Khartoum and Al Jazirah.[1024](#) New displacement movements to eastern Sudan were reportedly caused by clashes and the RSF's takeover of large parts of Sennar state in early July 2024, 'further straining already overcrowded reception sites in eastern Sudan'.[1025](#) In mid-August 2024, the Sudan Tribune reported continued displacement from conflict areas, particularly Sennar state, into Gedaref and Kassala states.[1026](#) In late October 2024, Radio Dabanga reported continued displacement movements to Gedaref and Kassala states due to clashes in eastern Al Jazirah state.[1027](#) Mass attacks targeting civilians

there led to the displacement of over 135 000 people mainly fleeing to Gedaref, Kassala and River Nile states. Of those, an estimated 14 000 people arrived in seven locations in Gedaref alone.[1028](#)

In March 2024, MSF reported of worsening living conditions for displaced persons, including overcrowded shelters and inadequate health services, which threatened the spread of diseases, such as cholera, typhoid and dysentery.[1029](#) Sources reported that IDPs in Kassala were experiencing widespread food insecurity and limited access to clean water as a result of the humanitarian crisis caused by the ongoing conflict in the country.[1030](#)

Following the SAF's recapture of Sinja, the capital of Sennar state, on 23 November 2024,[1031](#) an article in Al Taghyeer in late November reported that busses organised by humanitarian organisations were returning IDPs, who had fled to Kassala state, to cities in Sennar state.[1032](#)
