Structure and use of the report

The report is divided into two parts: Section 1. General description of the security situation in Somalia, and Section 2. Regional security situation and trends.

- In Section 1, the report provides an update on main security and political developments that took place in Somalia during the reference period (April 2023 – March 2025). This section includes charts and analysis of aggregate data at country level about security incidents, conflict-related displacement, and other impacts on civilians' life, as well as a section on checkpoints and road security.
- In Section 2, the report provides an update on conflict dynamics, security trends and incidents at the regional level, for the 18 administrative regions foreseen by the Somali provisional constitution.
