Section 2. Major developments in asylum in the European Union in 2025

Section 2. Major developments in asylum in the European Union in 2025

icon for asylum developments in the eu

The EU continued to provide protection to millions of displaced persons from Ukraine, while pursuing long-term, sustainable solutions, such as recommendations for a coordinated, gradual transition to other residence statuses for those eligible. As in previous years, cooperation with third countries was seen as an integral component of an integrated approach to managing migration and contributing to protection solutions worldwide.
